Planning the NSW Regional Workshops for 2010

Each year, the NSW Regional group of the AES holds meetings and workshops for members. The focus of the workshops is decided upon by members to reflect their professional development needs. The purpose of this session is to plan the regional workshops for 2010

- ❖ What are your professional development needs, in the field of evaluation, for 2010?
- ❖ What are your suggestions of some topics for the regional AES workshops
- ❖ Do you know of particular speakers and workshop facilitators who could present an AES workshop?

The regional workshops explore issues of interest to evaluation practitioners and to those commissioning or managing evaluations. The workshops focus on connecting theory and practice in an interactive way and are designed to leave you with new ideas and approaches to evaluation.

Please come along and share your ideas and we will work together to develop our regional workshops for 2010. If you are unable to attend, please send your ideas to our Regional Rep Annette Michaux AnnetteM@bensoc.org.au.

Outcomes:

- Five – six topics for workshops in 2010 & a list of possible presenters/facilitators.

How the session will be run:

This workshop is your opportunity to have a say about the focus and content of the 2010 NSW regional workshops.

THE VENUE:

Mission Australia, Level 14, 97-99 Bathurst Street, Sydney NSW
