DEPARTMENT	Monitoring, Evaluation and Learning (MEL)

ORGANISATIONAL PURPOSE

Our vision at the Brotherhood of St. Laurence (BSL) is for an Australia free of poverty. We pursue lasting change for a fairer and more compassionate Australia.

Our organisation employs over 1,500 staff and is supported by 1,000 volunteers. We partner with governments, business and other organisations to address poverty across the nation.

Our work is varied. We deliver services to build capability and confidence across the life course, from the early years, youth and employment to services for people with disability and for older people in Australia. Our Op Shops and social enterprises are well known. So too are our programs that support digital literacy, energy efficiency and financial wellbeing. We research the causes and effects of poverty and connect policy, practice and research to advocate national, state and local policy solutions for people experiencing disadvantage.

The BSL values diversity and inclusion with regards to its staff and the communities we serve.
