Cultural Wisdom and Story Gathering

A grounding and reflection resource offered by Jessi Gidqup-Lovett

Before choosing methodology, ask: How are we going to do business together?

Country connects us. People guide us. Relationships sustain us.

BEING

How are we showing up? What are our assumptions and responsibilities do we carry?

RESPECT

How do we honour people, Country, knowledges and protocols?

DOING

What do our actions demonstrate? How are decisions made and who is involved?

Grounding in relationship

- Who are we doing business with?
- Who gets to make decisions?
- How will power be shared?
- What needs to change?
- What are our responsibilities to each other?

KNOWING

Whose knowledge will guide us? What knowledge is valued, and what is missing?

RECIPROCITY

What does reciprocity look like in practice? What moves both ways? Who benefits?

RESPONSIBILITY

Who are we accountable to? And what are we accountable for?

RECONCILIATION

What are we prepared to change in ourselves, our systems and our relationships?

Different Perspectives. One River. Strong Together.
