

Through my eyes!

## Instructions

- To reflect on evaluation in emerging areas
- To think about what I have seen and heard in relation to my own work in the NT.

## Statement # 1

✚ "I am a great believer of conferences because they are about sharing experiences" Penny Hawkins (05-09-2006)

## Statement #2

✚ We need capacity to manage evaluations !

## Statement #3

✚ "We were concerned about sustainability!" (Professor Masafumi)

## Statement # 4

- There were blockages and gatekeeping, I was really tested in terms of walking a fine line regarding impartiality! Trish Young

### Statement # 5

⚡ Information just doesn't come, data is not there, we made long lists for official data but it never came , we gave up and satisfied ourselves with qualitative data ( Professor Masafumi)

### Statement # 6

⚡ Where do you draw the line between evaluation and assisting in providing services ? (Trish Young)

### Statement # 7

Lets be blatant about it change happens with people!  
Dart (PCE)

### Statement #8

⚡ To what extent does the data influence decision making? (Audience question)

### Statement #9

⚡ "Evaluation doesn't win everywhere, even though they seemed to think evaluation would save them" (Jessica Dart).

Thank you!
