Lan

Manbadyalk

Yurduhbal

if we look after fire on country,
country will look after us

Family enjoying life on country

**Fire brings back
new life to Trees
and Grasses for
Animals to be
feed on**

Whole People can light the fire on
country

**After Fire Season
is over we do
monitoring**

Eating fish and sharing stories

If Fire is managed properly, old people's
spirit will reward you

Bininj monitoring and evaluation

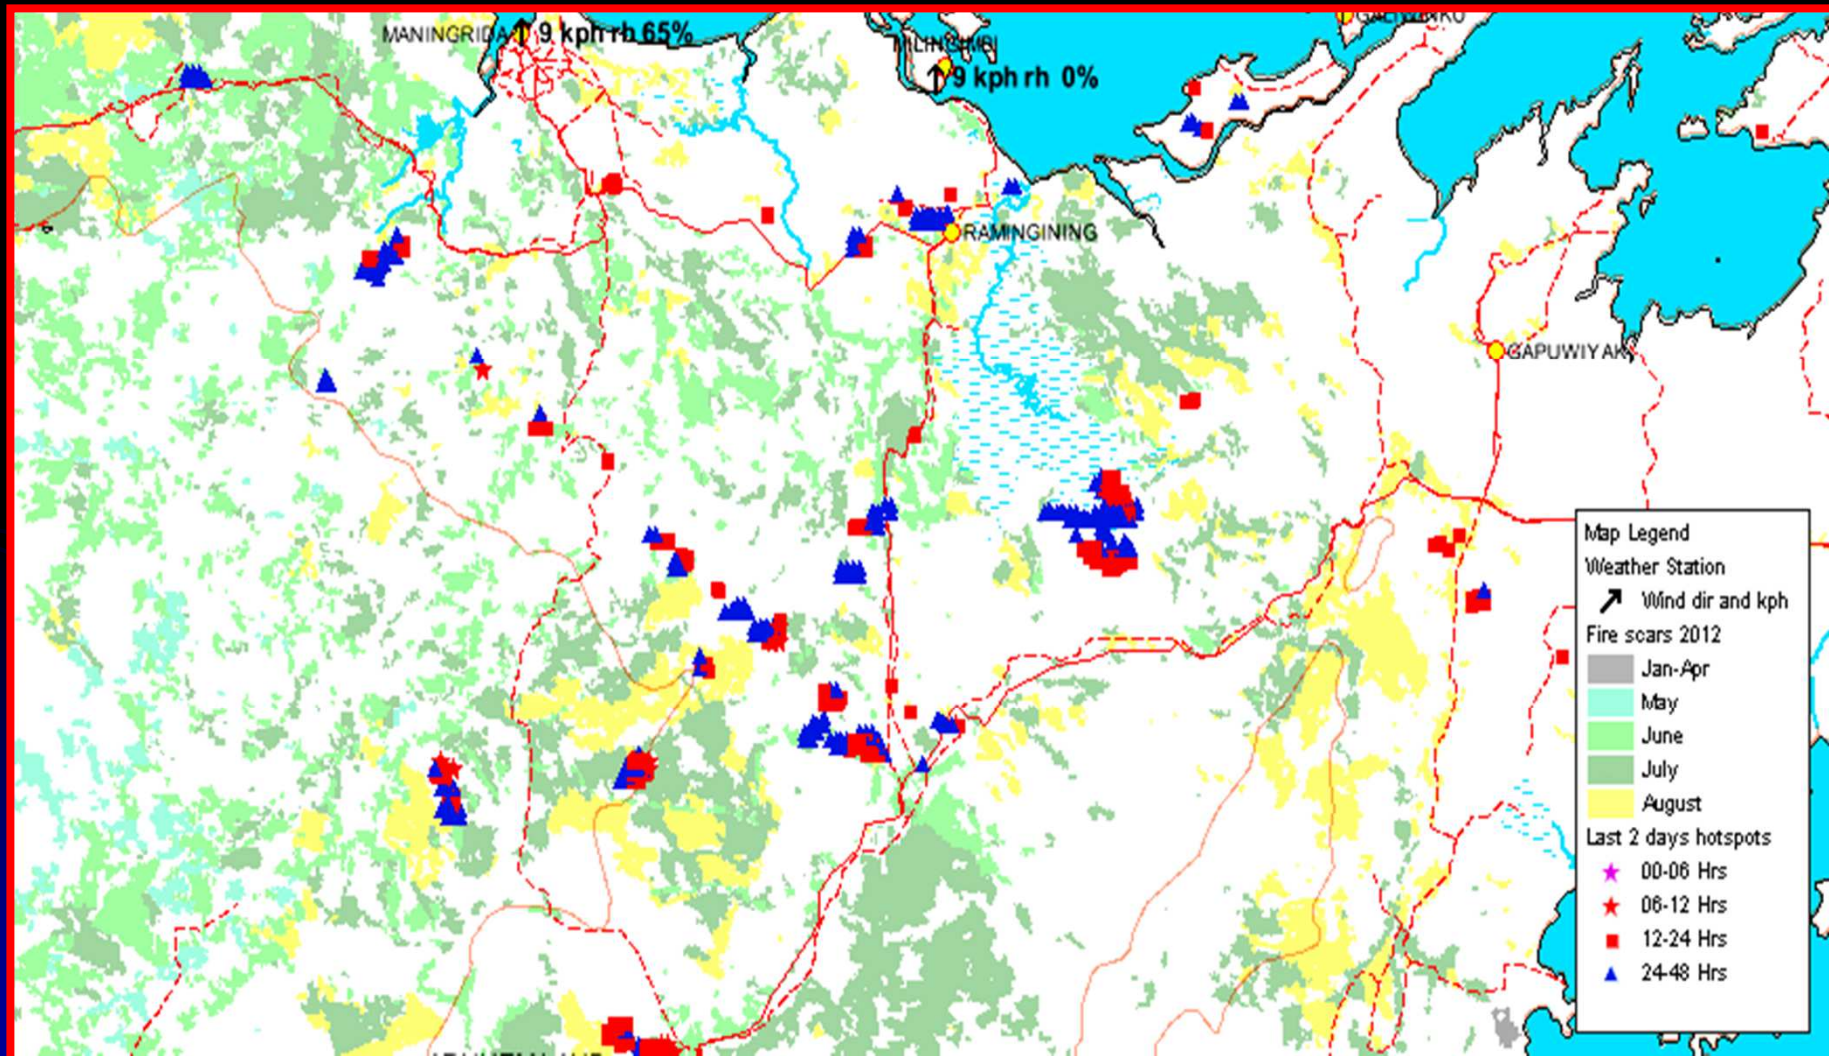

Scientific monitoring and evaluation

CALFA Project 2010 planning meeting with the Elders

We use satellite imaging to monitor fire in our region

We share our work with others

Family Burning

Ariel monitoring

Rangers burning

Mixing fuel ready for burning

Monitoring Fire Behaviour

Question

**If you like more story come
and spend time out in bush
then you will learn and
understand about my
culture**
